Important Information

The average DTE Electric Company residential customer is expected to save \$6.94 each month because of energy optimization programs over the remaining program life.

For the average Michigan residential customer, renewable energy is estimated to avoid \$3.90 per month of new coal-fired generation costs.

The U-16472 Rate Realignment Adjustment (U-16472 RRA) surcharge will change effective for service rendered on and after October 1, 2013. This change increases average full service residential rates by approximately 1 percent. The purpose of the U-16472 RRA is to adjust rates to the cost of providing service to each customer class.

Your October bill includes a one month surcharge for the final reconciliation of DTE Electric's 2011 Restoration Expense Tracker (RET). This surcharge collects a portion of the expenses related to restoring power to customers after storms and other outages, as approved by the MPSC.

Concerned about debt? DTE has partnered with Green Path, a non-profit credit counseling service that may be able to help. For more information call 888.235.1003.

When paying your energy bill in person, be sure to use an authorized payment agent to ensure your payment is received in a timely manner. There are more than 200 locations across the state that accept DTE bill payments. Locations can be found at dteenergy.com/options or by calling 800.477.4747.

Colder weather can impact your energy use. Get simple ways to lower your heating bill at dteenergy.com/winter

Please return **all** payment coupons with your check or money order, payable to DTE Energy, five business days prior to the due date. Do not send cash or attach notes to the payment coupon.

Be sure to write your account number(s) on your check or money order.
