Important Information

The average DTE Electric residential customer is expected to save \$6.94 each month because of energy optimization programs over the remaining program life.

For the average Michigan residential customer, renewable energy is estimated to avoid \$3.90 per month of new coal-fired generation costs.

The MPSC has decreased the Low Income Energy Assistance (LIEAF) Factor to \$0.97 per meter per month, effective beginning with your September 2014 bill. In accordance with Public Act 95 of 2013, the LIEAF Factor only applies to one residential meter per site. The money collected through this charge shall continue to be spent as provided in the Michigan Energy Assistance Act (2102 Public Act 615).

Please return **all** payment coupons with your check or money order, payable to DTE Energy, five business days prior to the due date. Do not send cash or attach notes to the payment coupon.

Be sure to write your account number(s) on your check or money order.
