

New Home Energy Efficient Mortgage Report

Use this Energy Report to show the Energy Savings (for underwriting purposes in accordance with the requirements of the Energy Efficient Mortgage product) to determine the Energy Savings related to the property. This Report is to be completed by the Energy Rater and submitted to the Lender. This Report must be retained by the Lender in the Load File.

Borrower Name(s): Bradley R. Hardie

Property Address: 11 Poplar St. Andover, NH 03216

New Home Energy Savings

Monthly Energy Saving 687

The Monthly Energy Savings Value is the average monthly energy savings of the design home over the RESNET Home Energy Rating System (HERS) reference home. REM/Rate calculates the annual savings of the design home for heating, cooling, water heating and base loads.

New Home Energy Value

Energy Savings Value 212474

The energy savings value is the Net Present Value of the annual energy savings of the design home over the RESNET Home Energy Rating System (HERS) reference home calculated over a lifetime of 30 years and a discount rate of 4.40%.
