

Third Avenue Development, Bronx, NY

Beach Green Dunes I & I, Far Rockaway, NY

Park Avenue Green, Bronx, NY

Curtis + Ginsberg Architects provides quality design while improving the built environment in a sustainable and socially conscious manner. We use the latest technology, innovative techniques, and best practices to maximize the environmental benefits and minimize the carbon footprint for future generations. We have eight completed Passive house projects, along with seven in construction and design. Over 60 of our projects meet the Enterprise Green Communities (EGC) residential program.
