INDEPENDENT AUDITOR'S REPORT

TO THE OFFICERS AND DIRECTORS NORTHEAST SUSTAINABLE ENERGY ASSOCIATION, INC. GREENFIELD, MASSACHUSETTS

I have audited the accompanying financial statements of Northeast Sustainable Energy Association, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2022 and June 30, 2021, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. And audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Northeast Sustainable Energy Association, Inc. as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Easthampton, Massachusetts May 30, 2023

1. Summary of Significant Accounting Policies

A. Basis of Presentation:

The financial statements of the organization have been prepared on the accrual basis of accounting. The organization reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restriction and net assets with donor restriction.

Net Assets Without Donor Restriction - Net assets that are not subject to or are no longer subject to donor-imposed stipulations.

Net Assets With Donor Restriction - Net assets whose use is limited by donor-imposed time and/or purpose restrictions.

Revenues are reported as increases in net assets without donor restriction unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or by law. Expirations of donor restrictions on the net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets. The organization has adopted a policy to classify donor restricted contributions as without donor restrictions to the extent that donor restrictions were met in the year the contribution was received.

B. Property and Equipment:

Property and equipment are recorded at cost. The cost of maintenance and repairs is charged to income as incurred. Major improvements are capitalized. Depreciation is computed using the straight-line method over the estimated life of the asset. Property and equipment purchased with a cost of \$750 or more is capitalized.

C. Cash and Cash Equivalents:

For the purpose of the statement of cash flows, the organization considers all cash and other highly liquid investments with initial maturities of three months or less to be cash equivalents.

D. Contributions:

Contributions received are recorded as increases in net assets without donor restrictions or net assets with donor restrictions depending on the existence and/or nature of any donor restrictions. When restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

E. Advertising Costs:

The organization expenses the cost of advertising as incurred. Advertising costs of \$4.074 were expensed in the current year.

F. Income Tax Status:

The organization qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and, therefore, has no provision for federal income taxes. However, income from certain activities not directly related to the organization's tax-exempt purpose is subject to taxation as unrelated business income. In addition, the organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2). The organization did not engage in any unrelated business activities during the fiscal year. Management believes more likely than not, that its tax-exempt status position will be sustained if examined by Authorities.

2. Nature of Activities and Organization

Northeast Sustainable Energy Association, Inc. (NESEA) is a non-profit corporation incorporated on March 27, 1975. The purpose of the organization is to promote alternative sources of energy and energy conservation through publications, demonstrations, conferences, and seminars. The organization is exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code and has been determined to not be a private foundation by the Internal Revenue Service. The corporation is also exempt from Vermont income tax.

3. Net Assets with Donor Restrictions

Net Assets With Donor Restrictions consisted of the following:

Kate Goldstein Fund	\$44,849
Payroll Loan Fund	_50,000
	\$94,849

4. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

Actual results could differ from those estimates.

5. Fair Value of Financial Instruments

The organization's financial instruments include cash and cash equivalents and grant receivable. The organization estimates that the fair value of these financial instruments at year end does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying statement of financial position.

The estimated fair value has been determined using available market information and appropriate valuation methods. The carrying amounts of cash and cash equivalents and grant receivable reported in the statement of financial position approximate fair value because of the short maturities of those instruments, except as otherwise noted in footnote 6.

6. Fair Value of Assets and Liabilities

FASB ASC No. 820, Fair Value Measurement, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets, which have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs, which have the lowest priority, use primarily unobservable inputs. The organization uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the organization measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Fair values of assets measured on a recurring basis at June 30, 2022 are as follows:

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Cash Equivalents	\$ 383,860	\$ 383,860	s 0	s 0
Short Term Investments	91,831	91,831	0	0
Total	\$ 475,691	\$ 475,691	S 0	s 0

Subsequent Events

Management performed an evaluation of subsequent events through May 30, 2023 the date these financial statements were issued.

8. Lines of Credit

Northeast Sustainable Energy Association, Inc. has two lines of credit at Greenfield Savings Bank.

The lines of credit are for amounts up to \$250,000 and are secured by all of the assets of the organization. As of June 30, 2022, there was no balance on these lines of credit. The lines of credit are due on demand and the interest on any outstanding balance is charged at the bank's base rate, which is currently 5.00%.

9. Short Term Investments

Investments consist of money market investments and common stock. They are stated at their fair market value which, as of June 30, 2022, was \$91,831. Earnings for the period amounted to \$2,020. Investment expenses totaled \$619 for the year.

10. Property and Equipment

Description	Balance Beginning of Period	Additions at Cost	Retirements	Balance End of Period
Computer Equipment Furniture and Fixtures Website	\$ 63,645 19,289 172,508	\$ 1,051 1,080 8,000		\$ 64,696 20,369 180,508

Total	<u>\$ 250,478</u>	S 2.116	<u>s0</u>	\$.252,594

11. Payroll Protection Loan

Organization received loan due to Covid 19 pandemic which was forgiven in the current year.

12. Prior Year Information

Prior year information presented in the statement of financial position and statement of activities is included to provide a basis of comparison with the prior year and present summarized totals only. The prior year amounts are not intended to present a complete presentation in conformity with generally accepted accounting principles

13. Asset Liquidity and Availability

As of June 30, 2022, the Organization has \$517,051 of financial assets available within one year of the statement of financial position date to meet cash needs for general expenditure consisting of cash of \$360,842 and accounts receivable of \$156,209. As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.
