GBCI-LEED SESSIONS
The following sessions offer GBCI credits for LEED certifications.

THURSDAY, MAY 6

Session 1: 8am-9am
- Achieving Performance Goals: Modular New vs. Retrofit Existing 1 BD+C, ID+C, WELL
- Comparing the Operating Performance of High Performing Public Buildings to their Design 1 BD+C, ID+C, O+M
- New Zero Single Family Remodel: Whys & Woes 1 BD+C, ID+C, WELL

Session 2: 9:30am-11am
- Public Health & the Built Environment: Putting Research into Action 1.5 BD+C, ID+C, O+M, WELL
- Best Practices: Comparing Two Adjacent Multifamily Passive Houses 1.5 BD+C, ID+C, WELL

Session 3: 11:30am-12:30pm
- Electrifying Hard-to-Heat Buildings 1 BD+C, ID+C

Session 4: 1:30pm-3pm
- The Next Frontier: Material Transparency Across Disciplines 1.5 BD+C, ID+C, WELL

Session 5: 3:30pm-4:30pm
- Multifamily Humidity Control Problems: Muggy Mayhem 1 BD+C, ID+C, O+M, WELL

FRIDAY, MAY 7

Session 6: 8am-9am
- HFC Refrigerants in Heat Pumps: Regulatory Update & Emissions Analysis 1 BD+C, ID+C, O+M, WELL

Session 7: 9:30am-11am
- Low-Carbon Concrete & Steel Structures 1.5 BD+C, ID+C, WELL

Session 8: 11:30am-12:30pm
- Decarbonization of Domestic Water Heating in Multifamily Buildings 1 BD+C, ID+C
- Today’s Acceptable Ventilation is Unacceptable 1 BD+C, ID+C, WELL

Session 9: 1:30pm-3pm
- Historic Buildings & Climate Change Mitigation: Case Study of a Low-Carbon Renovation 1.5 BD+C, ID+C

Session 10: 3:30pm-4:30pm
- Single Family Retrofit to Passive House EnerPHit Standards 1 BD+C, ID+C
- The Proof is in the Project: Cost & Performance of Built Passive Multifamily 1 BD+C, ID+C, O+M
- Electrification + Affordable Housing: What You Need to Know 1 BD+C, O+M
